

Cron_Step2_MassProc.graffle
V Distro 1. - Mach 31 2021

NOTES:

1) Script must be tuned:

This cron script contains several hard coded info which need to be revised and tuned to your needs. It is written here for S1 but it could of course be adapted to any other sat.

2) More than 2 modes ?

This script can be adapted to as much modes as required.

3) Symbols used

> /dev/null 2>&1 : mutes errors and output messages
& : executes script(s) in background; needs "wait" to carry on when all background processes are finished.
